Dear Sir:

Subject: Contract INC-143
Final Patent Report

This is intended to be a final Patent Report as required by the Patent Rights Article included in the subject contract.

All work under the above identified contract has been completed. There were no patentable inventions generated by our personnel as prime contractor. A subcontract, placed with Photomechanisms, Inc., is identified as Purchase Order G-509291.

Photomechanisms have notified us that there was only one invention under the purchase order and this is set forth in the enclosed Invention Report K-3724 forwarded here in triplicate, "Space-Sharing Waste Bladder" by William V. Strecker.

Neither we nor our subcontractor plans to file a patent application on this invention, but hereby reserve all rights to which it is entitled if the Government does file thereon.

There were no other subcontracts for research and development and no other inventions made under this contract.
